Abstract

The law which controls the agreement of choosing the specialized court

Eyad M.Al Sayayda

Mu'tah University, 2012

This research aims to study the law which controls the agreement of the parts to choose the specialized court.

At the beginning I aimed to specify The nature of this agreement and to clarify the statues of the Jordanian legislator and judicial toward this agreement.

The study aims to clarify the law which is to be applied toward this agreement for choosing the specialized court and what is the situation if the agreement is not declared and what is the solution in this case.

I choose to divide the study to tow chapters:

First chapter : the nature of the agreement of choosing the specialized court.

Second chapter : specifying the law which to be applied on the agreement of the parts for choosing the specialized court.
